

Schools Tree Day Foundation – Who needs a tree?

Instructions

Big questions: Why do you think trees are important? Who uses trees?

Colour in one of the animals below. While your colouring in your animal think about why it may need a tree?

In the next part of this activity, lets head outside to the largest native tree at our school. Think about where on the tree your animal might live. Stick your animal to the tree (using masking tape) in the area you think it might live.
